DISCLOSURE SCORE

100

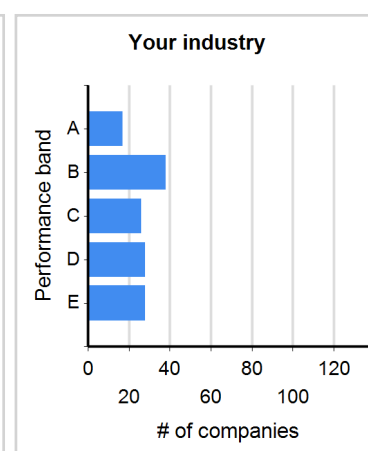

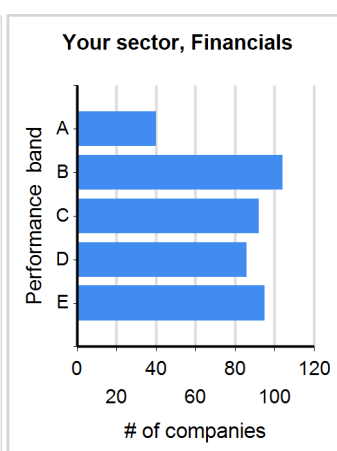

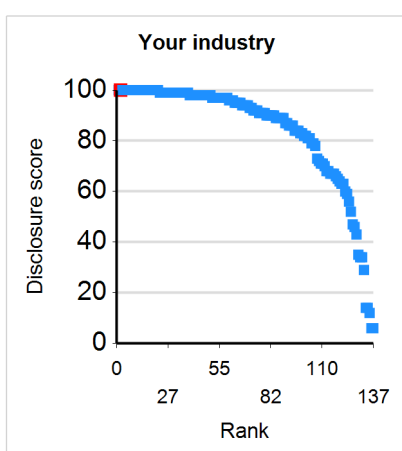

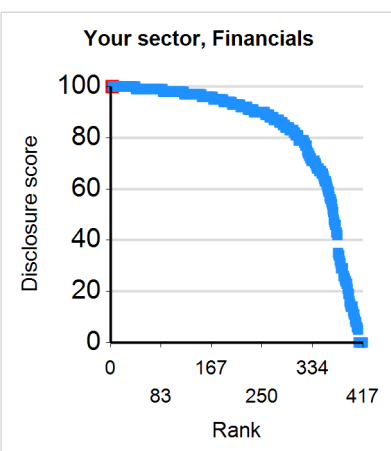

PERFORMANCE SCORE

A

Comparing ING Group to other scores in the Financials sector and your industry

The two charts below show all the individual scores that have been achieved in CDP 2014 by your peers. Each **blue dot** represents a company. All scores are sorted from low to high on the vertical axis. **Your score** is indicated by the **red dot**. Your position on the vertical axis (high or low) shows your score, and you can compare with the blue dots to get an indication of how you have performed against your sector/industry peers.

The charts below show how many companies achieved each performance band in your sector and your industry. Companies with a disclosure score below 50 do not receive any performance band.

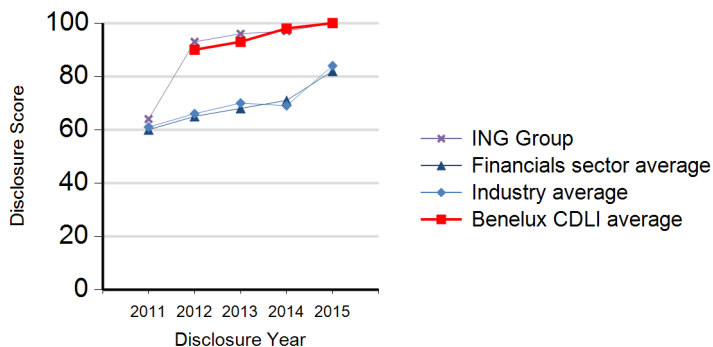

Comparing scores achieved in previous CDP years

The tables and charts below show the trend in disclosure and performance scores achieved by ING Group in previous CDP years, compared to those of companies in your sector, industry, and sample leaders. Sample leaders of the Benelux are the top performing companies in the Benelux sample

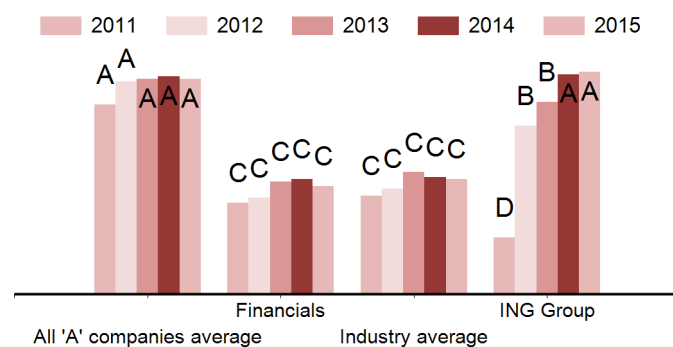

Disclosure score	2011	2012	2013	2014	2015
ING Group	64	93	96	97	100
Financials sector average	60	65	68	71	82
Your industry average	61	66	70	69	84
Benelux CDLI average		90	93	98	100

Performance band	2011	2012	2013	2014	2015
ING Group	D	B	B	A	A
Financials sector average	C	C	C	C	C
Your industry average	C	C	C	C	C
All "A" companies average	A	A	A	A	A

Breakdown of scores by categories

The charts below show the disclosure and performance scores achieved for each **category** of questions, compared to your sector, industry, and sample averages. Categories are smaller groups of questions in the CDP questionnaire. A mapping of the CDP questions into the four categories is available at: <https://www.cdp.net/Documents/Guidance/2015/2015-score-categories.pdf>
