Our purpose

We believe all sustainable progress is driven by people with the imagination and determination to improve their future and the futures of those around them.

We empower people and organisations to realise their own vision for a better future – however modest or grand.

Empowering people to stay a step ahead in life and in business.
INN’s Think Forward strategy

Purpose

Empowering people to stay a step ahead in life and in business.

Customer Promise

Clear and Easy  Anytime, Anywhere  Empower  Keep Getting Better

Strategic Priorities

Creating a differentiating customer experience
1. Earn the primary relationship
2. Develop analytics skills to understand our customers better
3. Increase the pace of innovation to serve changing customer needs
4. Think beyond traditional banking to develop new services and business models

Enablers

Simplify & Streamline  Operational Excellence  Performance Culture  Lending Capabilities
Creating a differentiating customer experience

- Clear and easy: Clear products, Plain language, Fair prices, Simple processes
- Anytime, anywhere: Mobile first, Omnichannel experience, Advice when needed
- Empower: Personalised interfaces, Insightful tools, Tailored offers
- Keep getting better: Continuous improvement, Setting the standard in service

- Earn the primary relationship
- Develop analytics skills to understand our customers better
- Increase the pace of innovation to better serve customer needs
- Think beyond traditional banking to develop new services and business models
ING’s Think Forward strategy aims to create a differentiating customer experience by **simplifying and streamlining** our organisation, by further striving for **operational excellence**, by enhancing **the performance culture** within our company, and by expanding our **lending capabilities**.

Customer needs are changing rapidly, as is our playing field. To stay a step ahead, we announced in October 2016 that we would accelerate the execution of our strategy and transform ING.

**Foundations:** We will unite the foundations ING is built upon. And we will simplify and streamline global support functions. This will help us collaborate better across borders and innovate faster.

**Businesses:** On top of these foundations, we will unite similar businesses. For this we introduced five change programmes (see outer circle), creating best-in-class, ‘omnichannel’ financial platforms that offer services beyond banking.

**Future vision:** Our ultimate goal is to get to a completely united ING. Offering one single empowering experience to people and businesses around the world.
Our transformation supports all key components of our strategy

Keeping the bank **safe** and **compliant** with regulation

Building **one foundation** for all

Improving **cross-border scalability** with **one platform, one ING experience**

Enhancing our **value propositions** (for all financial matters and beyond)
A more robust KYC environment across all business lines

Over 3,500 FTEs* worldwide are working on KYC

KYC programme for file enhancement

Structural solutions

Five pillars

- Policy & risks
  - Global KYC risk appetite statements
  - Global KYC policy

- Global KYC digital service
  - Develop global tooling

- Governance
  - Set up of central KYC organisation
  - Dedicated KYC committees & functions

- Monitoring & screening
  - Enhanced client activity & transaction monitoring
  - Third-party partnerships

- Mindset
  - Continuous communication, training & awareness initiatives
  - Set up of behavioural risk department

* Including internal and external FTEs
Countering financial and economic crime remains our priority

**Continued focus on improving Know Your Customer (KYC)**
- We made further progress in strengthening our global KYC organisation and governance structure throughout ING
- In Italy, we continue to take steps to improve processes and management of KYC as required by Banca d'Italia
- Five large Dutch banks, including ING, have announced that they will investigate the possibilities to cooperate on transaction monitoring. This follows the plan of action to investigate data-sharing, as presented by the Dutch ministers of Justice and Finance in June 2019

**We keep developing tools to increase accuracy and efficiency of our non-financial risks**
- In the Netherlands, a tool was created to improve the file enhancement process for SME customers, by digitalising the data needed for transaction analysis
- In Turkey, we used an API (application programme interface) to integrate our banking systems with the country’s trade registry, which gives us quicker access to more accurate data on legal entities
- We developed SparQ, a global platform that uses artificial intelligence to automate the process of turning regulation into policy. It gives insight into applicable regulations, identifies changes, helps analyse documents and can link regulation directly to our policies
Sustainability is embedded in our purpose

Sustainability direction 2018-2022 focuses on two themes

- **Purpose**: Empowering people to stay a step ahead in life and in business
  - **Themes**: Empower a low-carbon society, Empower a self-reliant society
    - Climate business, Climate resilience
    - Social business, Inclusion and empowerment

We have a leading sustainability role among banks

We are empowering customers and society at large

Important milestones achieved in 3Q2019

• ING signed the UN-backed Principles for Responsible Banking as a founding member – one of 131 banks representing one-third of the world’s banking assets
• ING and more than 30 banks turned the Principles for Responsible Banking into action by signing the Collective Commitment to Climate Action
• ING signed the Dutch Climate Agreement, which is the Dutch government’s interpretation of the Paris Agreement
• ING released the first progress report on the Terra approach, our science-based approach to steer our lending portfolio towards meeting the Paris Agreement’s two-degree goal. We are the first bank to publish specific climate alignment disclosures
• ING and the European Investment Bank (EIB) are making €400 mln available for large business customers in the Netherlands, Belgium and Luxembourg to invest in sustainable projects

Strong sustainability deal activity in 3Q2019

• We also help our customers reach their sustainability goals. In 3Q2019, ING has supported 11 sustainability improvement loans, plus 5 green loans and 12 sustainable bonds, several of them structured by ING
